

Required RFP Amendments 6/28/23

AMENDMENT

Revised and added the attachments below and ATTACHMENTS; 5th Page at front of document;
Correction: Added Special Provision sp009020103, revised Special Provision A_003.08 and added
Special Provision sp4551101 General Tolling Requirements

ATTACHMENTS

The Attachments listed below are hereby incorporated into and made a part of this Request for Proposal (RFP) as though fully set forth herein.

- A_001 - Division I Design-Build Specifications BWP 06-21-2022REV031023.docx
- A_002 - Division I Special Provisions identified by the Authority for this Project:
 - A_002.01 - Public Records (SP0030900)
 - A_002.02 - Permits and Licenses (No free passes will be issued to the Contractor for use on the Toll Facility) (SP0070201)
 - A_002.03 - Preservation of Property for Toll Facilities (SP0071101-tolls)
 - A_002.04 - Equal Employment Opportunity Requirements (SP0072700)
 - A_002.05 - Preference to State Residents (SP0072800)
 - A_002.06 - Contaminated Material – Mercury-Containing Devices and Lamps (SP0080409)
 - A_002.07 - Prosecution and Progress - Damage Recovery (SP0081200)
 - A_002.08 - Legal Requirements and Responsibility to the Public - E-Verify (SP0072900)
 - A_002.09 - Legal Requirements and Responsibility to the Public - Scrutinized Companies (SP0073000)
 - A_002.10 - Measurement and Payment - Material Price Adjustments – Various Materials (sp009020103)**
- A-003 - FDOT Divisions II and III Special Provisions identified by the Authority for this Project:
 - A_003.01 - Mobilization (SP1010000DB)
 - A_003.02 - Contractor Quality Control General Requirements (SP1050813DB)
 - A_003.03 - Structures Foundations (SP4550000DB)
 - A_003.04 – Value Added Bridge Components (Dev475)
 - A_003.05 – sp0081300_Inc-Dis_SoSelmon_East_End_&_EB_Noise_052722_Rev012723.pdf

AMENDMENT

A_002.10 - Measurement and Payment - Material Price Adjustments – Various Materials (sp009020103)

MEASUREMENT AND PAYMENT

(7-23)

ARTICLE 9-2 is expanded by the following:

9-2.1.3 Material Price Adjustments – Various Materials: The Authority will make price adjustments for materials included in the attached list of Pay Items (“Exhibit A of Special Provision 9-2.1.3”) in accordance with the following procedures.

Submit in writing to the Authority a request to participate in the referenced adjustment, per each requested Pay Item on Exhibit A. This written request shall accompany the Bid Price Proposal.

Prepare separate Contractor’s Certification of Quantities for each material invoice monthly using the Authority form for Material Price Adjustment attached hereto. Submit certifications for subsequent estimate periods to the Engineer no later than 12:00pm on Monday after the estimate cut-off or as directed by the Engineer, based on the quantity of each material purchased within the estimate period. Purchased Materials must be stored in a manner that allows the Engineer to inspect the Material. Material certifications reflecting quantities beyond the quantities final price proposal incorporated into the approved Release for Construction Plans (RFC Plans) shall not be accepted. Approved RFC Plans are to show the quantities of pay items requested for Material Price Adjustments. Ensure each certification includes the Contract Number, Certification Date and Number, the period the certification represents, and the quantity represented by each invoice for each pay item. Submit material invoices with each certification and clearly identify the following:

- a. Pay Item Number**
- b. Certification Quantity**
- c. Invoice Number**
- d. Invoice Date**
- e. Invoice Quantity**
- f. Invoice Total**

The Authority will adjust the unit price to reflect increases in material costs at time of receipt of Bid Price Proposal from those in effect during the month in which the Materials are purchased and certified. The Contractor will not be given the option of accepting or rejecting these adjustments. Price adjustments will be made only when the invoice month material price index (IMP) increases by more than 5% from the price index prevailing in the month when the bids were received (BMP), and then only on the portion that exceeds 5%.

The Authority will use factors (shown per appropriate Pay Item as stated in Exhibit A) to determine the percentage of unit price applicable to material only.

Price Adjustments (IMP and BMP) will be based on the USDOL monthly Producer Price Index (PPI). The Material Price indices will be available at the following URLs:

PVC: PCU3359323359324:

<https://beta.bls.gov/dataViewer/view/timeseries/PCU3359323359324>

Copper: WPU10230101: <https://beta.bls.gov/dataViewer/view/timeseries/WPU10230101>

Aluminum: <https://beta.bls.gov/dataViewer/view/timeseries/PCU3313--3313-->

Steel (guardrail): WPU101702:

<https://beta.bls.gov/dataViewer/view/timeseries/WPU101702>

Thermoplastic: <https://beta.bls.gov/dataViewer/view/timeseries/PCU3252113252111>

Payment on progress estimates will be adjusted to reflect adjustments in the prices for each requested material in accordance with the following:

$$\text{\$ Adjustment} = (\text{quantity})(\text{unit price})(\text{material factor})(\text{ID})$$

Where ID = Index % Difference = $[\text{IMP} - 1.05(\text{BMP})] / \text{BMP}$ when the PPI has increased between the month of bid and the month of material invoice by more than 5% for the Pay Items requested in the Bid Price Proposal and reflected in the approved RFC Plans.

A single line-item adjustment will be made on each monthly Progress Estimate where the adjustments have met the 5% increase requirement, or, subsequent Progress Estimates encompassing all applicable pay items affected during that month.

Adjustments will be paid or charged to the Prime Contractor only. Any Contractor receiving an adjustment under this provision for work performed by a subcontractor shall distribute the proper proportional part of such adjustment to subcontractors who perform applicable work.

The Authority reserves the right to audit the Contractor's records pertaining to the material certifications submitted for this Contract.

AMENDMENT

A_003.08 – sp4551101 Unforeseen Work

455-11 Method of Measurement (All Piling). (FY 2023-24):

SUBARTICLE 455-11.1 is deleted and the following substituted:

455-11.1 Unforeseen Work: The cost of furnishing and installing unforeseen additional pile length, drilled shaft length and/or subsequent splices and shaft embedment will be paid for by THEA in accordance with the following:

No adjustments or additional payment will be provided for such unforeseen additional work until the quantity of the work for all items listed above exceeds 110% of the total quantity of all items listed above in the RFC Plans. No adjustments in the length, in feet of piling will be made if cut-offs are required after the pile has been driven to satisfactory bearing. In addition to the lump sum bid amount, the Design-Build Firm shall submit unit prices for payment and total linear foot amount of furnishing and installing pile length and drilled shaft length in the Schedule of Values as one line item. The price per linear foot of pile to be reimbursed for quantity greater than 10% of the Approved RFC Plans for the combined length of all items listed above will be based on the total cost of Piling shown in the Schedule of Value [Section VI.I. (Bridge, Piling)], submitted with the Price Proposal divided by the total length of pile shown in the Approved RFC Plans.

AMENDMENT

A_005 – THEA General Tolling Requirements (GTR) 061423.pdf, section 13.2.4 ; Page 29:

~~13.2.4 The schedule must reflect for the TEC to install/test toll equipment in a consecutive manner until the toll equipment has been installed/tested at all tolling movements part of the project. A consecutive manner is defined as continuous toll equipment install/test from tolling movement to tolling movement (i.e. no time gaps between the installation periods of each tolling movement for all tolling movements within the project).~~ Notify THEA thirty (30) working days prior to a toll site being ready for coordinating the first acceptance walk-through and to coordinate TEC services. A minimum of five (5) working days' notice is required for scheduling the second walk-through. The first acceptance walk-through must be re-performed until all required criteria are determined completed as defined herein.

ARTICLE 9-2 is expanded by the following:

9-2.1.3 Material Price Adjustments – Various Materials: The Authority will make price adjustments for materials included in the attached list of Pay Items (“Exhibit A of Special Provision 9-2.1.3”) in accordance with the following procedures.

Submit in writing to the Authority a request to participate in the referenced adjustment, per each requested Pay Item on Exhibit A. This written request shall accompany the Bid Price Proposal.

Prepare separate Contractor’s Certification of Quantities for each material invoice monthly using the Authority form for Material Price Adjustment attached hereto. Submit certifications for subsequent estimate periods to the Engineer no later than Twelve O’clock noon on Monday after the estimate cut-off or as directed by the Engineer, based on the quantity of each material purchased within the estimate period. Purchased Materials must be stored in a manner that allows the Engineer to inspect the Material. Material certifications reflecting quantities beyond the quantities final price proposal incorporated into the approved Release for Construction Plans (RFC Plans) shall not be accepted. Approved RFC Plans are to show the quantities of pay items requested for Material Price Adjustments. Ensure each certification includes the Contract Number, Certification Date and Number, the period the certification represents, and the quantity represented by each invoice for each pay item. Submit material invoices with each certification and clearly identify the following:

- a. Pay Item Number
- b. Certification Quantity
- c. Invoice Number
- d. Invoice Date
- e. Invoice Quantity
- f. Invoice Total

The Authority will adjust the unit price to reflect increases in material costs **at time of receipt of Bid Price Proposal** from those in effect during the month in which the Materials are purchased and certified. The Contractor will not be given the option of accepting or rejecting these adjustments. Price adjustments will be made only when the invoice month material price index (IMP) increases by more than 5% from the price index prevailing in the month when the bids were received (BMP), and then only on the portion that exceeds 5%.

The Authority will use factors (shown per appropriate Pay Item as stated in Exhibit A) to determine the percentage of unit price applicable to material only.

Price Adjustments (IMP and BMP) will be based on the USDOL monthly Producer Price Index (PPI). The Material Price indices will be available at the following URLs:

PVC: PCU3359323359324: <https://beta.bls.gov/dataViewer/view/timeseries/PCU3359323359324>

Copper: WPU10230101: <https://beta.bls.gov/dataViewer/view/timeseries/WPU10230101>

Aluminum: <https://beta.bls.gov/dataViewer/view/timeseries/PCU3313--3313-->

Steel (guardrail): WPU101702: <https://beta.bls.gov/dataViewer/view/timeseries/WPU101702>

Thermoplastic: <https://beta.bls.gov/dataViewer/view/timeseries/PCU3252113252111>

Payment on progress estimates will be adjusted to reflect adjustments in the prices for each requested material in accordance with the following:

$$\text{\$ Adjustment} = (\text{quantity})(\text{unit price})(\text{material factor})(\text{ID})$$

Where $ID = \text{Index \% Difference} = [IMP - 1.05(BMP)] / BMP$ when the PPI has increased between the month of bid and the month of material invoice by more than 5% for the Pay Items requested in the Bid Price Proposal and reflected in the approved RFC Plans.

A single line-item adjustment will be made on each monthly Progress Estimate where the adjustments have met the 5% increase requirement, or, subsequent Progress Estimates encompassing all applicable pay items affected during that month.

Adjustments will be paid or charged to the Prime Contractor only. Any Contractor receiving an adjustment under this provision for work performed by a subcontractor shall distribute the proper proportional part of such adjustment to subcontractors who perform applicable work.

The Authority reserves the right to audit the Contractor's records pertaining to the material certifications submitted for this Contract.

455-11 Method of Measurement (All Piling). (FY 2023-24):

SUBARTICLE 455-11.1 is deleted and the following substituted:

455-11.1 Unforeseen Work: The cost of furnishing and installing unforeseen additional pile length, drilled shaft length and/or subsequent splices and shaft embedment will be paid for by THEA in accordance with the following:

No adjustments or additional payment will be provided for such unforeseen additional work until the quantity of the work for all items listed above exceeds 110% of the total quantity of all items listed above in the RFC Plans. No adjustments in the length, in feet of piling will be made if cut-offs are required after the pile has been driven to satisfactory bearing. In addition to the lump sum bid amount, the Design-Build Firm shall submit unit prices for payment and total linear foot amount of furnishing and installing pile length and drilled shaft length in the Schedule of Values as one line item. The price per linear foot of pile to be reimbursed for quantity greater than 10% of the Approved RFC Plans for the combined length of all items listed above will be based on the total cost of Piling shown in the Schedule of Value [Section VI.1. (Bridge, Piling)], submitted with the Price Proposal divided by the total length of pile shown in the Approved RFC Plans.
