I. INTRODUCTION

The Tampa-Hillsborough County Expressway Authority (THEA) is soliciting sealed bids from qualified contractors to ground the lighting bracket arms at each of the 157 piers to mitigate transient voltage surges that are otherwise impacting the lighting system, for the Tampa Hillsborough-County Expressway Authority (THEA) Reversible Expressway System Network for THEA's Headquarters, located at 1104 E. Twiggs St, suite 300, Tampa, FL 33602.

The lighting brackets will be bonded to the aesthetic lighting ground system located in existing Junction Box D inside the bridge deck. The lighting brackets will also be bonded to a ground rod at the base of the pier.

In addition to the piers, the lighting brackets located on the straddle bents and abutments will be bonded to the grounding circuit. The grounding circuit will also be bonded to a ground rod at the base of the bent leg or abutment.

Load centers servicing each facility will be inspected, tested, and upgraded as needed to meet the minimum grounding resistance requirements.

II. INSTRUCTIONS TO BIDDERS

1. THEA must receive all submittals at the location, date, and time identified in Section VI., Schedule of Events. Any submittal received after the stated time and date shall not be considered. It shall be the sole responsibility of the firm to have its package delivered to THEA however, facsimile or telegraphic submittals will not be accepted. Delay in delivery shall not be the responsibility of THEA. Submittals received after the deadline shall not be considered and may be returned only at the firm’s expense.

2. Each firm shall examine all documents and shall determine all matters relating to the interpretation of such documents.

3. The following exhibits are required by THEA to be completed by the bidder and submitted as part of the Bid Proposal Package:

   - B. Public Entity Crime
   - C. Drug-Free Workplace
   - D. Bid Proposal Form
   - E. Conflict of Interest Form
   - F. Certification Regarding Scrutinized Companies Lists

4. One (1) original sealed bid proposal package and the required forms above must be delivered to THEA’s Procurement Department in one package, clearly marked on the outside, "Invitation to Bid O-2823 for the Tampa-Hillsborough County Expressway Authority" with date sent and delivered to:

   Procurement Office
   1104 East Twiggs Street, Suite 300
   Tampa, FL 33602

5. THEA shall not be liable for any expenses incurred in the preparation of the bid proposal package.

6. THEA reserves the right to accept or reject any or all bid proposal packages, to waive irregularities and technicalities, and to request resubmission or to re-advertise for all or any part of the work. THEA
shall be the sole judge of the submittals and the resulting negotiated agreement that is in THEA's best interest, and THEA's decision shall be final.

7. The successful firm shall be required to execute an agreement, in form and content acceptable to THEA, indemnifying and holding harmless THEA, its officials, officers, employees, and agents from all claims.

8. **CONE OF SILENCE**

Firms, their agents, or associates shall refrain from contacting or soliciting any THEA staff or members of the Board of Directors directly or indirectly regarding this ITB during the selection process. Failure to comply with this provision may result in the disqualification of the firm. All requests for clarification or additional information should be made in writing via email to: Procurement@tampa-xway.com

**AT THE DISCRETION OF THEA, ANY VIOLATION OF THE REQUIREMENTS SET FORTH IN THIS SECTION SHALL CONSTITUTE GROUNDS FOR IMMEDIATE REJECTION OF THE BID PROPOSAL PACKAGE AND THE BIDDER SHALL BE DEEMED NON-RESPONSIVE.**

**III. QUALIFICATIONS:**

1. The bidder must include with its bid proposal package all completed required forms as indicated in Section II Instructions to bidders. Failure to submit all completed forms may be cause for rejection at the sole option of THEA.

2. Bidder must have a Master Electrician’s License with State of Florida, or, Prequalified by FDOT in ITS, Traffic Signal, or, Electrical Work.

**IV. DOING BUSINESS IN THE STATE OF FLORIDA**

All bidders shall be in good standing with and authorized to do business in the State of Florida. Furthermore, it is the responsibility of the bidder to confirm that all of its subcontractors are also in good standing and authorized to do business in the State of Florida as may be required pursuant to §607.1501, §605.0902, and §605.0905 Florida Statutes.

If a bidder is not required to register pursuant to Florida Statutes, the successful bidder shall be able to submit documentation demonstrating non-applicability of the statute.

THEA shall not execute an agreement if the successful bidder and subcontractors are not registered and in good standing to do business in the State of Florida as required by the referenced Florida Statutes.

**V. SELECTION PROCESS**

THEA intends to purchase the product/services from the responsible and responsive bidder. The selection process for this ITB will consist of the following.

Bid proposal packages will be evaluated on whether the bidder is responsible and responsive to this solicitation, with the objective to evaluate those bids and responses and to award a contract for the work to the firm with the **lowest total lump sum price**.
THEA will determine if the firm’s bid is responsive and is a responsible bidder, in its sole and absolute discretion, considering all relevant facts and information. THEA reserves the right at its sole discretion to reject any and all bids if it is determined the total lump sum price is excessive, best offers are determined to be unreasonable or it is in THEA’s best interest to do so.

**FINAL SELECTION:**

The bidder with the **lowest total lump sum price** will be presented to THEA’s Board of Directors for consideration and approval with a recommendation that the bidder be selected per the Schedule of Events below.

### VII. TERMS AND CONDITIONS

THEA reserves the right to reject any bid proposal packages not conforming to this Invitation to Bid, and to waive any irregularity or informality with respect to any proposal. THEA further, reserves the right to request clarification of information submitted and to request additional information from one or more firms.

THEA requires that the bidder selected will not discriminate under the agreement against any person in accordance with federal, state, and local governments' regulations. THEA requires the bidder selected make an affirmative statement to the effect that their retention shall not result in conflict of interests with respect to THEA.
THEA requires that the bidder make an affirmative statement to the effect that they have not contacted, or attempted to contact, any member of the Board of Directors, or THEA staff, except as expressly permitted in the ITB.
EXHIBIT A
SCOPE OF SERVICES

Background: The lighting manufacturer for the aesthetic lighting on THEA’s Reversible Expressway Lanes (REL) has performed a field investigation of the lighting system and has recommended grounding the lighting bracket arms at each of the 157 piers to mitigate transient voltage surges that are otherwise impacting the lighting system. The lighting brackets will be bonded to the aesthetic lighting ground system located in existing Junction Box Δ inside the bridge deck. The lighting brackets will also be bonded to a ground rod at the base of the pier.

In addition to the piers, the lighting brackets located on the straddle bents and abutments will be bonded to the grounding circuit. The grounding circuit will also be bonded to a ground rod at the base of the bent leg or abutment.

Firms shall inspect and test the load centers servicing each facility and reports of the testing and inspections shall be provided to the engineer.

Scope: The Governing Standard Plans are the Florida Department of Transportation, FY2022-23 Standard Plans for Road and Bridge Construction and applicable Interim Revisions (IRs). Standard Plans for Road Construction and associated IRs are available at the following website: http://www.fdot.gov/design/standardplans.

The Governing Standard Specifications are the Florida Department of Transportation, July 2022 Standard Specifications for Road and Bridge Construction at the following website: http://www.fdot.gov/programmanagement/Implemented/SpecBooks

The scope of work consists of grounding the lighting brackets at 157 piers. The pier numbers are listed in Table 1.

PIER WORK

The pier work includes the installation of a new ground bus bar and connection to the common ground within the existing Junction Box ∆ inside the bridge deck. Provide an insulated ground wire from the ground bus bar located within the existing Junction Box ∆ to a new ground bus bar in a new pier mounted junction box. Figure 1 shows the location of the existing Junction Box ∆. Figure 2 shows the existing splices, proposed ground bus bar, and the ground wire in Junction Box ∆.

Figure 1. JUNCTION BOX INSIDE THE BRIDGE DECK
At each pier, install ground straps from each bracket arm to the ground bus bar in the new junction box. In addition, install a 1” conduit with a #2 AWG ground wire from the ground bus bar in the new junction box to the new pull box and new ground rod at the base of the pier. See Figures 3 through 6.

All proposed exposed conduits (flexible and rigid) as shown in Figures 2, 3, 5 and 6 shall be supported with two-hole conduit straps attached to surfaces with wall anchors and screws. Supporting of proposed exposed conduits shall be in accordance with The National Electrical Code (NEC) and Florida Department of Transportation, July 2022 Standard Specifications for Road and Bridge Construction, Section 630.

SCOPE OF SERVICES

STRADDLE BENT WORK

The straddle bent work includes the connection of ground straps from bracket arms to the common ground located in the existing junction box. Install a new junction box with a ground bus bar at one of the legs of the straddle bent. Install a 1” conduit with a #2 AWG ground wire from the junction box to the pull box and ground rod at the base of the straddle bent leg. Install a 1” conduit with a #2 AWG ground wire from the luminaire on the opposite leg to the new junction box ground bus bar. Install a 1” conduit with a #2 AWG ground wire from the straddle bent arm bracket to the new junction box ground bus bar. Install a ground strap from the near side luminaire to the junction box. See Figures 7 through 10.

All proposed exposed conduits (flexible and rigid) as shown in Figures 7 through 11 shall be supported with two-hole conduit straps attached to surfaces with wall anchors and screws. Supporting of proposed exposed conduits shall be in accordance with The National Electrical Code (NEC) and Florida Department of Transportation, July 2022 Standard Specifications for Road and Bridge Construction, Section 630.

Figure 7. STRADDLE BENT GROUND WIRE ROUTING
EXHIBIT A
SCOPE OF SERVICES

Figure 8. STRADDLE BENT ARM BRACKET GROUND WIRE ROUTING

Figure 9. STRADDLE BENT ARM GROUND WIRE ROUTING
ABUTMENT WORK

The abutment work includes the installation of a new junction box containing a ground bus bar. Install a new ground bus bar in the existing junction box and connect the existing AC ground circuit. Connect both ground bus bars with a ground strap. Install a 1” conduit and insulated ground wire from the bracket arms to the ground bus bar in the new junction box. Install a 1” rigid conduit and a #2 AWG ground wire from the new junction box to the pull box and ground rod at the base of the abutment. See Figure 11.
GROUND CLAMP, GROUND STRAP, AND SERRATED WASHER INSTALLATION

The ground wire and ground strap shall be terminated to the bracket arms with a connection mechanism that penetrates the powder coating to create the electrical grounding desired. Ensure that a proper electrical contact is achieved between the ground clamp, ground strap connector, serrated washer, and the bracket arm. See Figures 12 and 13.
EXHIBIT A
SCOPE OF SERVICES

At each ground clamp and ground strap, measure the resistance of the connection mechanism once grounding has been achieved and provide a reading at each termination point for each pier, straddle bent, and abutment. The resistance of the connection shall be 0.1 ohms or less. Submit the results of testing to the Engineer for approval. The following testing procedure is being suggested:

- Scratch off a 1/8” x 1/8” area of paint from the bracket arm near the threaded rod opening or at the top of the mounting plate.
- Use an ohmmeter to measure the resistance between the ground clamp and the bare area of the bracket arm or mounting plate.
- Repair the scratch using an approved powder coating repair procedure.

The Contractor may propose a less invasive method of resistance testing.

GROUND ROD INSTALLATION, INSPECTION, AND ADJUSTMENT

Install a ground rod pull box at the base of each pier, straddle bent leg, or abutment, as described in Indexes 641-020 and 649-020. Install grounding in accordance with Section 620. Obtain a minimum resistance as required in 620-3.2.1. Conduct fall-of-potential testing in accordance with 620-4.1. Submit the test results and documentation to the Engineer for approval.

At the 11 load center locations, inspect and test, using the clamp-on ground resistance method, the existing ground system in accordance with 620-4.1. Submit the test results and documentation to the engineer.

Provide As-Built drawings of the installation.
PUBLIC ENTITY CRIMES FORM

SWORN STATEMENT UNDER SECTION 287.133(3)(a), FLORIDA STATUTES

1. This sworn statement is submitted to Tampa-Hillsborough County Expressway Authority by ________________________________________________
   [print individual’s name and title]
   for ________________________________________________
   [print name of entity submitting sworn statement]
   whose business address is ___________________________________________________
   and (if applicable) its Federal Employer Identification Number (FEIN) is _____________
   (If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement: _________________________.)

2. I understand that a “public entity crime” as defined in a Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that “convicted” or “conviction” as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjunction of guilt in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an “affiliate” as defined in Paragraph 287.133 (1)(a), Florida Statutes, means:
   i. A predecessor or successor of a person convicted of a public entity crime; or
   ii. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of the affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of
goods or services let by a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on the information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. [indicate with a check mark which statement applies.]

____ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent of July 1, 1989.

____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent of July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. [attach a copy of the final order]

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

DRUG-FREE WORKPLACE FORM

The undersigned firm, in accordance with Florida Status 287.087 hereby certifies that

________________________________________________________________ does:

Name of Business

1. Publish a statement of notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business’s policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in Paragraph 1.

4. In the statement specified in paragraph 1, notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employees will abide by the terms of a statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Florida Statute 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction of, or require the satisfactory participation in a drug abuse assistance or rehabilitation program is such is available in the employee’s community, by any employee who is convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1 thru 5.

As the person authorized to sign this statement, I certify that this firm complies with the above requirements.

PRICE PROPOSAL FORM

(Print this page on bidder’s letterhead and attach with response)

Date: ____________________________

TAMPA-HILLSBOROUGH COUNTY EXPRESSWAY AUTHORITY (THEA)
Attention: Procurement Department
Shannon Bush, Contracts and Procurement Manager
1104 East Twiggs Street, Suite 300
Tampa, FL 33602

Subject: _____________________________________________________________________

Dear THEA:

Having carefully examined the Instructions to Bidders, Supplementary Instructions to Bidders, General Provisions, Supplementary General Provisions, Special Provisions and Technical Specifications, Plans or Drawings (if issued), of the above subject project and contract, as well as the premises and the conditions affecting the work, the undersigned proposes to furnish all labor and materials called for by them and equipment necessary and to accomplish the entire work within the time period indicated in accordance with the said documents for the prices presented in the price schedules included on the attached BID TABULATION SHEET.

The undersigned acknowledges that they understand the following conditions that within the price schedules amounts indicated with brackets around the amounts are considered to be deductions or credits to the overall project cost. Calculations of price schedule extensions and price totals shall appropriately account for individual deductive and additive pay items.

TOTAL LUMP SUM PRICE: $_______________________________

WRITTEN AMOUNT:

_____________________________________ DOLLARS AND _________________ CENTS

The undersigned firm agrees to keep this offer open for acceptance for One Hundred Twenty (120) days after date of opening the bid proposal package.

The signer of this bid proposal package hereby declares that the only person, persons, company or parties interested in this bid proposal package as principals are named herein, that this bid proposal package is made without connection with any other person, persons, company or parties submitting a proposal; and that it is in all respects fair and in good faith, without collusion or fraud.

CERTIFICATION REGARDING SCRUTINIZED COMPANIES LISTS

This certification is required pursuant to Florida Statute, Section 287.135.

A company that, at the time of bidding or submitting a proposal for a new contract or renewal of an existing contract, is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, Iran Terrorism Sectors List, or is engaged in business operations in Cuba or Syria, is ineligible for, and may not bid on, submit a proposal for, or enter into or renew a contract with an agency or local government entity for goods or services of $1 million or more.

Respondent / Bidder
Name:_________________________________________________________

Respondent /Bidder FID or EIN:
_____________________________________________________

Address:  ________________________________________________________________
City:  __________________________  State:  __________________  Zip:  ____________

I hereby warrant that I am duly authorized to sign and bind on behalf of the company listed above as the “Respondent/Bidder”.

I hereby certify and affirm that the company listed above as the “Respondent/Bidder” is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, Iran Terrorism Sectors List, created pursuant to Florida Statute Section 215.473, or engaged in business operations in Cuba or Syria.

I understand pursuant to Florida Statute, Section 287.135, the submission of a false certification may subject the Respondent/Bidder to civil penalties, attorney’s fees and/or costs.

T715 – HIGHWAY LIGHTING SYSTEM – AESTHETIC LIGHTING BRACKET GROUNDING SYSTEM

T715-1 Description.
Furnish and install grounding and lightning protection to provide personnel and equipment protection against faults, surge currents, and lightning transients. Provide a grounding and lightning protection system in accordance with the details shown in the Scope of the Work.

T715-2 Materials.

T715-2.1 Conduit: Meet the requirements of Section 630.
T715-2.2 Junction Box: Meet the requirements of Section 635.
T715-2.3 Pull Box: Meet the requirements of Section 635.
T715-2.4 Grounding Conductors: Provide a No. 2 AWG stranded copper insulated conductor in accordance with ASTM B8 and color code the grounding conductor green.
T715-2.5 Transformer Ground Clamp: Provide a high strength, high conductivity cast copper alloy, 1/2 Inch-13 TPI (thread per inch) stud diameter transformer ground clamp.
T715-2.6 Serrated Grounding Washer: Provide paint piercing corrosion resistant serrated grounding washers to provide an electrically conductive path for the grounding system.
T715-2.7 Ground Bus Bar: Provide a bus bar capable of terminating the grounding conductors and ground straps.
T715-2.8 Ground Rod: Meet the requirements of Section 715 and Index 715-001.
T715-2.9 Ground Strap: Provide a one inch wide, braided, tin-coated copper, ground strap.

T715-3 Installation Requirements.

T715-3.1 General: At each pier, straddle bent, and abutment location, install the grounding conductors from the metal bracket arms to the ground bus bar in the new junction box. Connect the existing common ground system located within the existing junction boxes to the new ground system. Install grounding conductors from the new common ground system to a new ground rod.

Terminate one end of the ground conductor or ground strap to the bracket arm with a ground clamp or bolt and a serrated washer. Prepare the surface of the bracket arm or the mounting plate by removing the powder coated paint at the transformer ground clamp or bolt location described in the Scope of Work. Drill and tap the bracket for the transformer ground clamp or bolt. Torque the clamp screw or bolt to 22 foot pounds. Terminate the other end of the ground conductor or ground strap on the ground busbar inside the existing junction box or new junction box.

Install a ground rod pull box. Install ground rods in accordance with Section 715. Terminate one end of the ground conductor to the ground busbar inside the new junction box. Terminate the other end of the ground conductor to the ground rod.

T715-3.2 Testing: For each aesthetic light bracket, measure the resistance of the connection between the ground clamp or bolt and the metal bracket to ensure the electrical connectivity of the serrated washer and the penetrating screw. The resistance shall be less than or equal to 0.1 ohm. Submit the testing procedure to the Engineer for approval.

For each ground rod, measure the resistance in accordance with 620-4.1 and
meet the minimum resistance as required in 620-3.2.1. Submit the test results to the Engineer for approval.

**T715-3.3 Documentation:** Provide the resistance measurement for each bracket. Take photos of each termination point at the bracket, at the bus bar, and within each of the existing and new junction boxes and ground rod pull boxes. Provide ground rod test results. Provide As-Built drawings of the installation.

**T715-4 Method of Measurement.**

The quantity to be paid for will be lump sum for all conduit, pull boxes, junction boxes, ground bus bars, conductors, straps, terminators, grounding material, furnished and installed, tested, documented, and accepted.

**T715-5 Basis of Payment**

Price and payment will be full compensation for all work specified in this Technical Special Provision.

Payment will be made under:
