

CONSTRUCTION ENGINEERING AND INSPECTION (CEI) SERVICES FOR ITS INFRASTRUCTURE
FOR EAST SELMON AND WEST SELMON AND REL GROUNDING PHASED DESIGN-BUILD
PROJECTS

Project No.: O- 1325

Questions and Answers

- Will the THEA CEI advertisement proceed as scheduled since only 2 firms attended the mandatory meeting on 12/9/24?

Ans: Yes, THEA is moving forward with the two firms who attended the mandatory meeting.

- Can the anticipated project construction start dates please be provided to assist with the proposed project staffing and organization?

Ans: This is Phase Design Build with a design component which will happen before any construction begins. THEA anticipates advertising for Professional Services summer of 2025 with selection in the fall of 2025. If that proceeds as planned, construction could start as early as January of 2026 (particularly for the grounding of the aesthetic lights portion).
