Samuel,

Based on SUE investigation and current plans for the above-referenced project, Crown Castle Fiber does not anticipate any conflicts.

Regards, Danny

Danny,

Based on the greenlines provided and the SUE investigation it appears that your facility is not in conflict with the road widening or the proposed mast arm (see attached). Please provide me a no conflict response letter (email is sufficient). Thank you

Samuel,

Crown Castle Fiber LLC, has underground fiber optic facilities within or near the limits of the above-referenced project. Attached are the marked Phase II plans. Kindly advise if you believe we may have conflicts.

Please bear in mind that Fibernet Direct, Crown Castle and Sunesys are now part of the "Crown Castle Fiber" organization.

With this response, Crown Castle Fiber has satisfied your request for the location of our facilities. Should you need anything more, please feel free to contact me.

Regards, Danny

All,

This correspondence is a reminder that the due date for RGB mark-ups was **Friday, August 30, 2019**. If you haven't done so already, please provide your green lines/RGB's as soon as possible as they are pass due. If for some reason you did not received the plans, please let me know and I will provide them to you. Thank you.
