Good Morning Mr. Gonzalez:

Based on our telephone conversation this morning and the fact that the HCSO owned fiber utility is located on the south side of the roadway being improved (all improvements and modifications will be to the north side of the roadway), there should be no conflict. I will advise our vendor that the pull box adjustments to grade will not be required as sidewalks will not be modified or installed on the south side of the roadway.

Thank you for your call. Please contact me again at your convenience if I may be of any additional assistance.

Have an excellent day!

Anthony,

In addition to the greenlines markup provided. I will need a no conflict letter (email is sufficient). Thank you
