UAOs:

Attached are statutory letters to each of the UAOs identified, requesting utility information for the above project for the Tampa-Hillsborough Expressway Authority (THEA).

Concept plans are also attached.

Please mark your existing facilities and proposed relocations on the concept plans and return them to me no later than August 21, 2018.

The concept plans and utility information collected will be included in a RFP for a design-build firm to construct the project.
